Everyone should have the chance to live fully

We are New Zealand's trusted experts in aged care, illness, injury, and disability support. Since 1996, we've been supporting New Zealanders to live their best lives and thrive by keeping well, living independently, and staying connected with their community.

We are part of the largest network of healthcare service providers working closely with the Ministry of Health, District Health Boards, Ministry of Social Development, and with ACC as a preferred national provider.

We can give you up to 24/7 wraparound support with our qualified, security-checked, Geneva certified workers, nurses, and allied health professionals, who are carefully selected to match your needs.

Our clinically approved support plans are personalised to your requirements and preferences.

Community Nursing Services

Get better faster and easier in the comfort of your own home, or get the support you need to help you stay well. We'll work with you and your primary care team to provide you with your personalised care plan and follow-up programme.

We can support you with these services:
